EOS™ Drawing Packages

EOS Drawing Packages - developed especially for embroidery.

The **Bitmap Editor** allows for a full range of editing options on bitmap images. Refine your scanned image by making use of a variety of different image processing filters like: Color Reduction and Mean, Median and Majority color filters.

The **Vector Editor** is a complete drawing package for vector images, providing unlimited creation and editing options for vector objects. Edit the vector object outlines, size or color, or move, rotate or resize any vector object. Create new vector objects by selecting from a variety of standard geometric shapes such as rectangles and squares, circles and ellipses, polygons and stars, or create any shape with the freehand tool.

Fast & accurate graphic image editing!
